Pooled Procurement Mechanism Reference Pricing : LLINs

(Version January 2017)

The Global Fund has established Framework Agreements with manufacturers of Long Lasting Insecticide-treated Nets (LLINs) to ensure the sustainable and reliable on-time supply of the needed LLINs.
The Pooled Procurement Mechanism (PPM) aims to deliver the orders for the following LLINs at or below the reference pricing below. These prices should be used for budgeting purposes and will be used on all PPM Price Quotes. Actual pricing achieved for a grant depends on how early orders are placed by Principal Recipients.
